

At Aaras Global, we place our clients' business needs at the center of everything we do. We believe strong, long-term relationships are the foundation of sustainable growth, and our relationship-focused approach helps create a stable and supportive business environment. Our objective is to deliver quality services proactively across accounting, taxation, financial planning, and business consulting, guiding clients through every stage of their business journey with clarity and confidence.

With experience across Canadian and international tax landscapes, including cross-border and U.S. tax matters, we serve entrepreneurs, professionals, corporations, and families with tailored solutions aligned to their goals. We are committed to providing reliable advice, practical insights, and proactive support, enabling our clients to make informed decisions and focus on long-term stability, growth, and financial confidence.

➤ OUR STRENGTHS

- ✓ Our biggest strength are our clients who give us every opportunity to apply our knowledge and keep faith in us
- ✓ Our dedicated and empowered staff is always ready to work and deliver results for the benefits of the client.
- ✓ We endeavor on innovations and cutting-edge services.
- ✓ We are available in extended hours to support your business.

➤ WHAT WE DO

We help individuals and businesses manage their financial and compliance responsibilities with structure and clarity. Our work focuses on maintaining accurate records, meeting regulatory requirements, and supporting informed financial planning and decision-making. Through accounting, taxation, compliance, and advisory services, we assist our clients in staying organized, compliant, and prepared—so financial information becomes a tool for better decisions rather than a challenge to manage.

➤ OUR VISION

Our vision is to earn trust through consistent service, honest advice, and practical solutions. We believe in growing alongside our clients by supporting sound decisions that lead to stability, confidence, and long-term success. Through integrity, clarity, and accountability, we aim to be a dependable partner at every stage of growth and change.

OUR SERVICES

➤ US Taxation & Advisory

Cross-border taxation requires careful planning and precise compliance across multiple jurisdictions. Aaras Global provides specialized U.S. and cross-border tax services to individuals and businesses with reporting obligations in Canada and the United States. We assist with U.S. federal tax filings, cross-border income reporting, treaty coordination, and disclosure requirements, ensuring accurate, compliant, and well-aligned reporting between U.S. and Canadian tax systems while minimizing risk and costly errors.

We assist in

- ✓ U.S. Individual Tax Returns (1040, 1040-NR)
- ✓ U.S. Business Tax Returns (1120, 1120-S, 1065)
- ✓ Canada–U.S. treaty-based reporting and analysis
- ✓ Cross-border income, asset, and disclosure compliance
- ✓ Ongoing advisory support for cross-border tax matters

➤ Canadian Taxation Services

Tax filings may appear simple but consequences of improper filing can lead to disallowance and penalties or the loss of tax credits entirely. The improper filing itself can also call for audits from CRA or other agencies that may lead to multiple losses on broader horizons within the business. It is in the best interest of the business to keep tax advisors by your side who are up to date with tax laws and policies.

Our Services Include:

- ✓ Tax Appeals and Representations
- ✓ CRA Audit Assistance
- ✓ International Taxation Issues
- ✓ Estate Planning
- ✓ Benefits Claims
- ✓ GST/HST Returns,
- ✓ Claims & Rebate Filings Filing of T4,
- ✓ T4A, T5 Returns CDA Filings

➤ Professional Accounting

Professional accounting is more than maintaining records—it is about clarity, control, and informed decision-making. Our accounting services are structured to provide accurate financial information, reliable reporting, and meaningful insights that help businesses operate efficiently and confidently. We focus on building systems that support compliance, scalability, and long-term financial discipline.
